

FORESTS COMMISSION OF VICTORIA

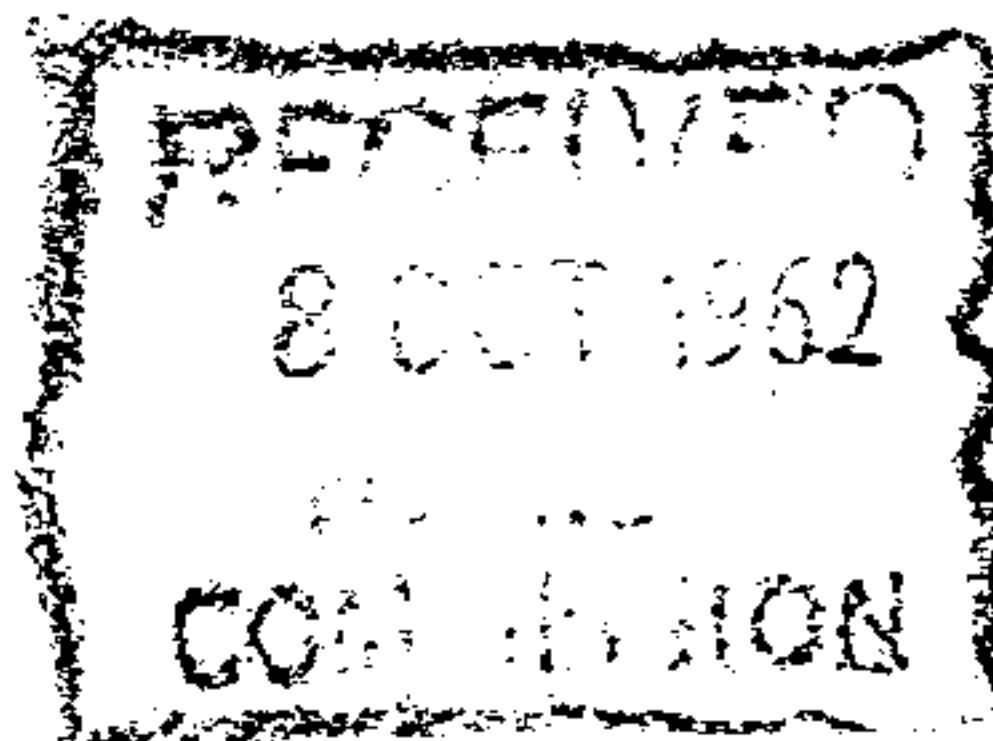

Corr. No.

59/1117

District, Mansfield,

1962 September, 19 62.

The Secretary,
Forests Commission,
453 Latrobe Street,
MELBOURNE.

Attention Division of Forest Protection.

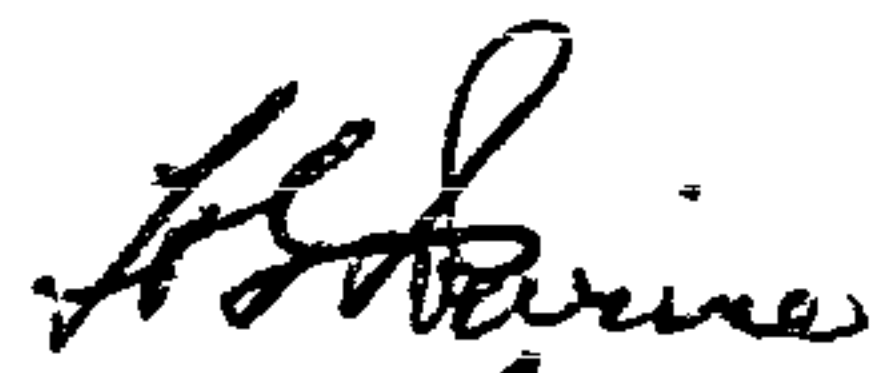

It is desired to draw your attention to my letter of 17th November last regarding construction of a fire lookout tower on Mt. Terrible, and the discontinuance of manning of the Jamieson Lookout point.

I requested that your approval be given to discontinue manning the Jamieson lookout except perhaps as a secondary point, or more particularly for several weeks during the holiday season when detailed coverage of the immediate Jamieson area could be desirable.

Senior Forester.

Copy for information of Divisional Forester - Mr. H.G. Irvine.

The lookout tower on Mt. Terrible may obviate the need to man the Jamieson Lookout continuously. Your opinion is requested.

Divisional Forester
24/10/62.
